

University of Oklahoma Math Day!

November 6, 2025

OU Norman Campus

Featuring:

BEAUTY & MATH – MATHEMATICIAN'S SEARCH FOR ORDER AND PATTERN

Speaker: Frank Wang (Oklahoma School of Science and
Mathematics)

"In this talk, Dr. Wang will show how mathematicians can find order and pattern in virtually any situation and how deeper mathematics can arise unexpectedly and in surprising ways in everyday situations. The talk is interactive, delivered in a humorous vein and designed to be fun and accessible to middle school students."

Also featuring:

The Sooner Math Bowl!
Competitions!
Prizes!
Lunch!

A day of math activities for
high school students from the
Oklahoma and Texas areas.
